

RISK MANAGEMENT CONSULTANCY

Asia Global Risk is a leading provider of **integrated risk mitigation services and preventive solutions** to corporations, SME's and governments in Asia.

Our mission is to assist our clients in entering into new markets or to consolidate existing operations. We perform prior assessment of the environment, provide support during actual implementation and continued monitoring of the situation so as to ensure smooth operations.

Our approach is based on an intimate knowledge of both regional and local environments. Our strength and value added come from our being established in countries where we operate. Our field experience coupled with an understanding of the industry's best practices together with our proficiency in the use of the latest technologies allow us to offer efficient risk mitigation solutions for those who wish to operate in sensitive or unfamiliar environments. AGR strongly believes in **preventive solutions** and upstream collaboration with its clients.
